

Viewing My Observations

Each staff member and administrator will have their own page where all available observations for them will be available. This is the page that teachers and other staff members will navigate to to view, update, electronically sign (if enabled) or print any observations for themselves.

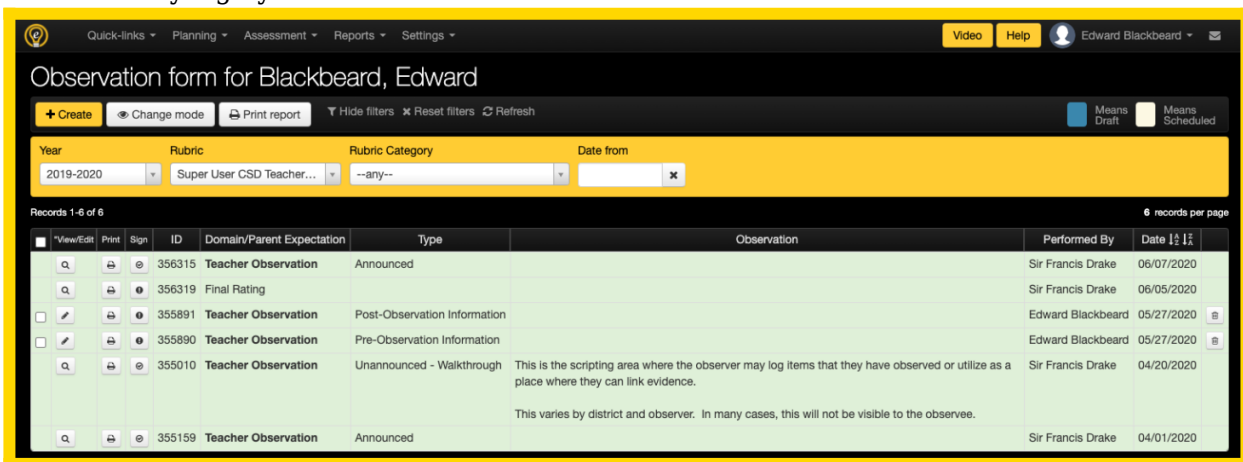

To get to your observation folder, there may be a button on your homepage that will lead you here, but there will always be the option to select "My Observation" in the pull-down menu when you click your name in the top-right corner.

This will take you to a page where you will see your name listed in the title of the page and all observations that are available for viewing, signing, or printing. There are two different modes and some districts will choose one or the other by default: scripting(list mode) or traditional (column mode).

Scripting (list mode)

The list mode provides a quick and easy way to see all of the available observation or evaluation forms that have been conducted on you. This page offers the ability to view, update, print, and electronically sign your observations.

ID	Domain/Parent Expectation	Type	Observation	Performed By	Date
356315	Teacher Observation	Announced		Sir Francis Drake	06/07/2020
356319	Final Rating			Sir Francis Drake	06/05/2020
355891	Teacher Observation	Post-Observation Information		Edward Blackbeard	05/27/2020
355890	Teacher Observation	Pre-Observation Information		Edward Blackbeard	05/27/2020
355010	Teacher Observation	Unannounced - Walkthrough	This is the scripting area where the observer may log items that they have observed or utilize as a place where they can link evidence.	Sir Francis Drake	04/20/2020
355159	Teacher Observation	Announced	This varies by district and observer. In many cases, this will not be visible to the observee.	Sir Francis Drake	04/01/2020

Traditional (column mode)

The column mode does offer similar functionality as the list mode as all of the available observations can be viewed, edited, and printed; but this view offers a way to see all related observations in a side-by-side column arrangement to make it easy to compare selected ratings from one observation to another. To electronically sign an observation from this mode, the observation form will have to be opened.

The screenshot displays the 'Observation form for Blackbeard, Edward' interface. At the top, there is a navigation menu with options like 'Quick-links', 'Planning', 'Assessment', 'Reports', and 'Settings'. Below this, there are search filters for 'Year' (2019-2020), 'Rubric' (Super User CSD Teacher...), 'Staff Expectation' (Teacher Observation), and 'Date from'. The main content area shows a table of observations for 'Staff Expectations'. The table has columns for 'Rubric Component', '06/07/2020 Sir Francis Drake', '05/27/2020 Edward Blackbeard', '05/27/2020 Edward Blackbeard', '04/20/2020 Sir Francis Drake', and '04/01/2020 Sir Francis Drake'. The table includes rows for 'Type', 'A. Pre-Observation', 'B. Observation Components', and 'I. PLANNING & PREPARATION (Domain 1)'. The 'B. Observation Components' row shows ratings of 3.1111 (Effective), 2.2857 (Developing), and 2.3333 (Developing). The 'I. PLANNING & PREPARATION' row shows ratings of Highly Effective, Effective, and Effective.

Rubric Component	06/07/2020 Sir Francis Drake	05/27/2020 Edward Blackbeard	05/27/2020 Edward Blackbeard	04/20/2020 Sir Francis Drake	04/01/2020 Sir Francis Drake
Type	Announced	Post-Observation Information	Pre-Observation Information	Unannounced - Walkthrough	Announced
B. Observation Components	3.1111 (Effective)			2.2857 (Developing)	2.3333 (Developing)
I. PLANNING & PREPARATION (Domain 1)					
Component 1a: Demonstrating Knowledge of Content and Pedagogy	Highly Effective				Effective
Component 1b: Demonstrating Knowledge of Students	Highly Effective				Effective
