

03.H.6. Passages 201: Adding a Passage to a District Question Bank (without creating an assessment)

If the goal is to simply create passages for later use, it is possible to add a passage to a district test bank without creating an assessment first. To do so, navigate directly to the **Passage Editor** located in the Assessment pull-down in the navigation bar.

This will navigate to the eDoctrina **Passages Homepage**. This page allows the user to view all passages that exist under the selected conditions of the available filters. It is also possible to edit any passage that has been created by the signed in user as well as view passages that have been created by other district users.

A screenshot of the eDoctrina Passages Homepage. The page has a yellow header with navigation links: Quick-links, Curriculum, Assessment, Student Support, Accountability, Prof Learning, and Settings. There are also buttons for Video, Help, and a user profile for 'Test Teacher'. The main content area is titled 'Passages' and includes a '+ Create' button, a 'Merge passages' button, and a search bar. Below the search bar are filters for Question Bank, Grade, Subject, Type, Tag, and Lexile. A table of passages is displayed, with the first row showing a passage titled 'Voyages of Zheng He, 1405-33'. The passage content includes a map of the Indian Ocean showing the routes of Zheng He's fleet. A red box highlights the 'Create' button with the text 'Select the "Create" button to create a new passage'. Another red box highlights the 'Edit' icon (a pencil) in the first row of the table with the text 'It is only possible to edit passages that you have created'. A third red box highlights the 'Voyages of Zheng He, 1405-33' passage with the text 'Use your answer to question on the map below and on your knowledge of social studies.' The table also shows 'Attributes' for the selected passage, including 'Linked Questions: 1', 'Author: Teacher Test', 'Subjects: Social Studies', 'Grades:', and 'Type:'.

NOTE: If the Passage is available in the list on the Passage Homepage, it is available to be used in the Question Bank.

+ Create

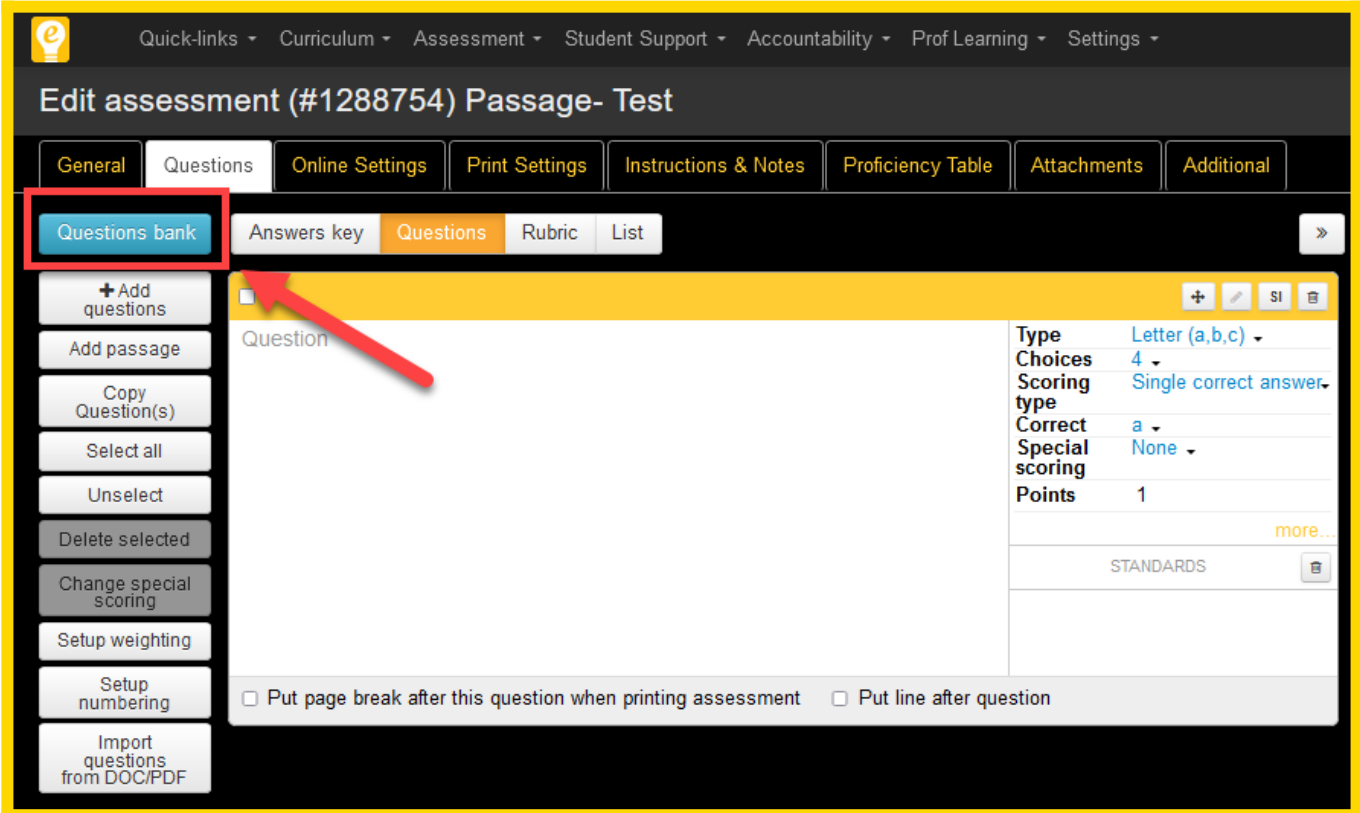

The button will navigate the user directly to the passage editor and the process for adding/linking questions is the same as described above.

IMPORTANT: To properly save a Passage, it is required to add questions. If no questions are added, the passage will not save and it will not be able to be recovered.

Adding a Passage to an Assessment from the Question Bank

Questions bank

If an assessment exists and an existing passage needs to be added, select the button from within the Assessment Editor.

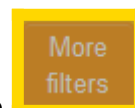

The screenshot displays the 'Edit assessment (#1288754) Passage- Test' interface. The 'Questions' tab is selected, and the 'Questions bank' button is highlighted with a red box and a red arrow. The interface includes a sidebar with various question management options and a main area for editing a question.

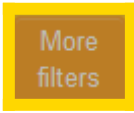

Property	Value
Type	Letter (a,b,c)
Choices	4
Scoring type	Single correct answer
Correct	a
Special scoring	None
Points	1

This will navigate the user to the eDoctrina Question Bank. This is where all questions located in the selected Question Bank will be located. This tool is designed to search for questions, but it is possible to locate a question linked to a passage by searching by the Passage #, any keywords in the Passage itself, or by any entered Tags.

For more information on how to add a question to an assessment through this tool, please visit our help guide regarding the eDoctrina [Question Bank](#).

1. The large number in this box represents the number of questions selected within the question bank, that will be added to the assessment.

2. If the questions linked to a desired Passage still cannot be found, select the  option as there are a few tools here that will make finding the questions linked to the passage easier.

NOTE: For more information on how to use the advanced search feature within the Question Bank, please visit our help guide regarding the eDoctrina [Question Bank Advanced Search Feature](#).

3. Once the desired passage or question has been located, simply click the  button. This will add the selected question to the assessment. It will also produce a pop-up window that will ask if all questions linked to the same passage should be added to the assessment.

Questions linked to the same passage as just added question

There are 6 other questions linked to the same passage. Please use GREEN button if you want to add additional questions to the assessment.

 **3** Dismiss

1. Click the  button to add ALL questions linked to the passage.

2. Click the  button to ONLY add the selected question(s).

3. Click the  button if the creator does not wish to add any other questions linked to this passage.

Once all of the desired passages or questions have been added to the assessment, use the  button to navigate back to the Assessment Editor.

Adding a Passage (when questions already exist)

If questions already exist and a passage needs to be added to one or many of the questions, eDoctrina makes it simple to link the existing questions to a passage that needs to be created.

Simply select the checkbox for each of the questions that should be linked to the passage, then click the **Add passage** button to navigate to the Passage Editor.

The screenshot displays the 'Edit assessment (#1288713) Add Passage Test' interface. The top navigation bar includes tabs for General, Questions, Online Settings, Print Settings, Instructions & Notes, Proficiency Table, Attachments, and Additional. The 'Questions' tab is active, showing a list of questions under the 'Questions bank' section. On the left, a sidebar contains buttons for '+ Add questions', 'Add passage', 'Copy Questions', 'Select all', 'Unselect', 'Delete selected', 'Change special scoring', 'Setup weighting', 'Setup numbering', and 'Import questions from DOC/PDF'. The main area shows two questions, each with a checkbox in the left margin. Red arrows point from a red text box to these checkboxes, with the instruction: 'Select the checkbox next to all questions that should be linked to the passage'. Another red arrow points from a second red text box to the 'Add passage' button, with the instruction: 'After the desired questions have been selected, click the "Add passage" button to navigate to the Passage Editor'. The questions are as follows:

#	Questions	Answers	Correct
1	What is the most likely reason there are two different settings in the play?	a. to show that the house has 5 rooms b. to show that the play takes place over three days c. to show that odd things are happening all over the house d. to show that nobody is in the rooms when the	<input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/> <input type="checkbox"/>
2	Which two characters have dialogue in Scene 2?	d. Nassim e. Mushkila, the kitten	<input type="checkbox"/> <input type="checkbox"/>

Each question entry includes a header bar with the question ID, a 'Created by' field, and various icons for editing and viewing. The right side of each question entry shows metadata: Type (Letter (a,b,c)), Choices (4 or 5), Scoring type (Single correct answer), Correct (None), Special scoring (None), and Points (1). A 'STANDARDS' section is also visible at the bottom of each question entry.

In the Passage Editor, all selected question will appear in the Linked Questions section. All that is needed from here is to enter some general information and the contents of the passage.

Passage

Characters: Julian, a boy MOM, Julian's ~~passer~~ DAD, Julian's father

ACT 1, SCENE 1 Julian's kitchen

It is early in the morning. Julian enters and opens the refrigerator. He takes out the milk and pours some into a glass on the table.

JULIAN: Oh, forgetting my book. (Julian leaves.) (The lights go out. There is a loud bang and the sound of glass breaking. The lights come back on. There is a broken glass on the floor and milk spilled everywhere.)

JULIAN: (Looking back at what happened)

MOM: (entering the room) Julian, look at the mess you made! You'll have to clean it up.

JULIAN: But Mom, I wasn't even in the room. MOM: Glasses don't fall and break by themselves. (Julian grabs a paper towel and helps Mom clean up the spill.)

ACT 1, SCENE 2 Julian's dining room (It is the middle of the afternoon. A racing-car game is set up on one end of the table and on the floor.) MOM: Nassim, come here right now!

(Julian enters the room.)

Line height multiplier: Decimal values are allowed. 2 means double, 3 triple, etc.

Adding Questions to an Existing Passage (District Admin Only)

If you wish to add additional questions to an existing passage then it must be done within an assessment that has questions linked to the desired passage in addition to the desired unlinked questions.

This process can be carried out in the Assessment Editor by:

1 Select question already linked to the passage

2 Select new question to link to the passage

3 Add passage

STANDARDS

1. Select a question or questions that are already linked to the desired passage.
2. Select the question(s) you wish to add to the desired passage.
3. Select "Add passage".

After selecting "Add passage" the following popup will appear:

Add passage

Some of the questions are already linked to other passages.

Select one option for each question and select proceed.

Click cancel to go back if you selected one of the questions by accident.

Question	Current Passage	Keep As Is	Link To passage	Link to new passage
#8153869	#473704	<input checked="" type="radio"/>	-	<input type="radio"/>
#8157179	-	<input type="radio"/>	<input type="radio"/> #473704	<input checked="" type="radio"/>

* Questions already linked to a passage will be copied and linked to the new passage, the original question and passage will remain unchanged.

Proceed Cancel

Select "Link to Passage" for the additional question(s) you wish to add, and click "Proceed". The additional questions will now be linked to the existing passage.

IMPORTANT :

- 1. Once the Passage has already been created, the only way to add additional questions is from within the Passage Editor, or by linking them in an assessment, with the desired questions, as a District Administrator.**
- 2. Questions can ONLY be linked to one passage.**
- 3. Passages will not be saved if no questions have been linked to them.**
