

# TE Data ==> Score Labels

The TE Score labels page can be described as a way to modify an earned index score for a category, which is an integer value, and display it as a different name or value on the resulting report.

The screenshot shows the 'TE Score Labels' configuration page. At the top, there are navigation links for 'Quick-links', 'Planning', 'Assessment', 'Reports', and 'Settings'. Below that, there are buttons for '+ Create', 'Hide filters', 'Reset filters', and 'Refresh'. A search bar is present with a 'Model' dropdown set to '--any--'. The main table displays 16 records for 'Siesta Key School District'. Each record has columns for 'District', 'Model', 'Score', 'Is vertical', and 'Name'. The 'Is vertical' column contains checkboxes, and the 'Name' column contains labels like 'I', 'D', 'E', and 'HE'.

District	Model	Score	Is vertical	Name
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	1	<input type="checkbox"/>	I
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	1	<input checked="" type="checkbox"/>	I
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	1	<input type="checkbox"/>	I
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	1	<input checked="" type="checkbox"/>	I
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	2	<input type="checkbox"/>	D
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	2	<input checked="" type="checkbox"/>	D
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	2	<input type="checkbox"/>	D
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	2	<input checked="" type="checkbox"/>	D
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	3	<input type="checkbox"/>	E
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	3	<input checked="" type="checkbox"/>	E
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	3	<input type="checkbox"/>	E
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	3	<input checked="" type="checkbox"/>	E
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	4	<input type="checkbox"/>	HE
Siesta Key School District	New York State Teacher Evaluation Model (Siesta)	4	<input checked="" type="checkbox"/>	HE
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	4	<input type="checkbox"/>	HE
Siesta Key School District	New York State Teacher Evaluation Model: Transition Score (Siesta)	4	<input checked="" type="checkbox"/>	HE

Without score labels, the default is to display the earned index score, which is defined in the Category Scores to Effectiveness page. If a model/report is configured with score labels, the index scores that are defined will be updated to reflect the name that is configured here.

## Without Score Labels

**Teacher Evaluation Matrix**

Teacher Observation Score	4	Developing	Effective	Highly Effective	Highly Effective
	3	Developing	Effective	<b>Effective</b>	Highly Effective
	2	Ineffective	Developing	Effective	Effective
	1	Ineffective	Ineffective	Developing	Developing
		1	2	3	4
		Student Growth			

## With Score Labels
