

Uploading Attachments to Individual Questions

Helpful Hints:

- Attachments to individual questions can help to provide students with the necessary resources to answer an online question without having to enter the information in the question text.
- Attachments will display to the student in their online test taking experience and they will have the option to show/hide the attached file(s)
- Attachments will be available for each question within the Grid and List view of the Teacher Completed screen

Frequently Asked Questions:

Q: Are there any file type restrictions for this upload tool?

A: All of the typical file types are supported with this tool. If there is a file type that is not acceptable, please contact the eDoctrina Help Desk at help@edoctrina.org so we can investigate to see if files of this type can be added to the acceptable file list.
